

TAKE ACTION TO HELP **STOP CLIMATE CHANGE** **DIVEST THE EAST SUSSEX PENSION** **FUND FROM FOSSIL FUELS**

To: East Sussex County Council

Investments in fossil fuels (oil, coal & gas) are damaging the balance of our climate and pose serious financial risks to investors, including many local pension holders.

Over 1,000 institutions, representing over \$8 trillion in assets, have already committed to divest (i.e. move their money away) from fossil fuel companies.

We the undersigned call on East Sussex County Council to follow their lead and divest the East Sussex Pension Fund from its holdings in fossil fuel companies.
